-

👛 EXPERIENCE

GlobalLogic (Hitachi Group) — *Product Experience Specialist*

Mar 2023 – Present | Bengaluru

- Led UX efforts for two enterprise SaaS platforms: ConnectWise (ITSM) and Boomi (Integration/AI).
- ConnectWise: Designed enhancements for procurement and quotation modules. Delivered high-fidelity wireframes and user flows, conducted heuristic evaluations, and ensured alignment with their design system.
- Boomi: Worked on the Market Reach initiative—designing partner portals, solution submission workflows, and marketplace interfaces.
 - Designed the AI Agent Garden for agent creation and the Agent Control Tower for policy compliance and orchestration.
- Collaborated with global teams, PMs, and researchers to ensure accessible, scalable design delivery.

Atlassian — *Senior Product Designer*

Oct 2022 – Mar 2023 | Bengaluru

- Designed internal tools supporting Atlassian's HR, Sales, and Hackathon teams.
- HR Workflow Tool: Created intelligent automation for resume evaluation and offer rollouts across global regions.
- Sales Tooling: Built a license management dashboard helping clients consolidate product usage across multiple admin accounts.
- Hackathon Portal: Developed an internal platform to manage idea submission, team participation, and jury-based evaluations.
- Ensured system-wide design consistency while delivering prototypes aligned to Atlassian's design system.

TruKer (Moxey.ai) — *Senior Product Designer*

Dec 2021 – Oct 2022 | Bengaluru / Middle East

- Led UX design for digital financial platforms under Moxey.ai, focusing on logistics and payments across the Middle East (UAE, KSA).
- Built scalable design systems and intuitive user flows for key products:
 - Fleet Partners: Real-time payments, wallet features, cashbacks, 24x7 transfers
 - Transporters: Expense tracking, payment dashboards, and invoice factoring
 - Merchants: Automated sales reporting, loyalty programs, inventory integration
- Designed a prepaid driver card in collaboration with ADIB and Visa, later launched as a new revenue stream.
- Delivered flows for working capital optimization, micro-entrepreneurship, and financial inclusion.
- Ensured consistency across mobile/web platforms while supporting Arabic localization and stakeholder reviews in MENA.

Algaeh Technologies — *Product Lead / Founding Team Member*

Aug 2018 – Dec 2021 | Bengaluru / Middle East

- Solely led the design of Algaeh's Healthcare ERP, spanning 10+ modules: Hospital Information Management, Radiology, Pharmacy, Laboratory, and Billing systems.
- Designed the full sales deck and product marketing visuals for stakeholders in India and the Middle East.
- Delivered the UI/UX for Algaeh's cross-platform & responsive enabling patient registration, appointments, consultations, and prescriptions.
- Introduced QR-based patient onboarding, reducing registration time by 70%.
- Took on cross-functional responsibilities including after-sales implementation, data migration, MySQL reporting, React prototyping, and online product training.
- Supported product deployment and real-time stakeholder feedback integration.

GrayMatter Software Services — *Lead UX/UI Designer*

Oct 2015 – Aug 2018 | Bengaluru

- Led UX for analytics platforms in insurance, aviation, and BI.

- Designed and launched a mobile app for insurance agents using PhoneGap/Cordova.
- Delivered interactive dashboards and operational tools for forecasting and performance tracking.
- Mentored junior designers and supported front-end customizations in Pentaho BI.

Manthan Systems — UX Engineer

Jul 2011 – Oct 2015 | Bengaluru

- Designed UX for analytics tools like VendorLink and Marketing Suite.
- Delivered tablet-optimized dashboards for iOS and Android.
- Created UI prototypes in HTML5, CSS3, JavaScript, and contributed to design system consistency.

Aptus — UI Designer

Jul 2010 – Jun 2011 | Bengaluru

- Designed UI and branding for Health24/7, an online pharmacy portal built on PrestaShop.
- Supported design and UI development across Aptus' service-based healthcare and e-commerce clients.

iPix Solutions — Graphic & Web Designer

Nov 2008 – Feb 2010 | Kerala

- Delivered bilingual (English/Arabic) websites and print assets for UAE clients including Morison Menon.
- Supported early-stage development with HTML/CSS and provided Arabic layout adaptations.
